

2015-2016 Arizona Sportsmen for Wildlife Conservation Fund Project Report

Shoot Right would like to thank you for your support and help with our project of building a portable action shooting airsoft/airgun range. Because of your help and support, we are able to help grow the action shooting sports using our range. All the nets, pipe, targets, and guns seen in these pictures were all possible because of your grant to us. Thank you!

Over 300 juniors and 100 adults participated in action shooting events this year using the portable range. Highlighted in this report are many, but not all, of the shooting events that took place.

Grant Event Time Line

Crossroads Gun Show - Jul 2015

Because of the help through your grant, BSA approved new shooting programs for Grand Canyon State Counsel. We are the go to group to run the new BSA Airsoft multi gun-shooting program. BSA has requested that we become their air and co2 trainer.

Since receiving your grant we have helped 3-Gun Nation kick off their new airsoft/airgun USA Division and Shoot Right has become the first USA 3-gun club member.
