Horse Park Fence Project Report

Report & Photos by Larry Metzler

Horse Park is a beautiful grassy meadow in which wildlife graze among the ponderosa forest. Unfortunately, numerous off-highway vehicles use the meadow as a shortcut from the Rocky Road OHV Trail (241) to Forest Road 700. The vehicles damage the vegetation and cause erosion, reducing the grasses and other vegetation in which the wildlife feed.

The [Munds Park Trail Stewards](#) (a.k.a. **MUTS**), in cooperation with the [Coconino National Forest Service](#) (CNF), extended the existing log fence 150 feet along the Rocky Park OHV Trail. The fence extension helps keep vehicles from crossing the meadow and damaging the vegetation. Horse Park Fence Project funding was provided by a grant from the [Arizona Sportsmen for Wildlife Conservation](#).

The work occurred during the August 3rd MUTS Volunteer Event. The CNF crew supervised the project.

The project included 24 volunteers and 2 Coconino National Forest trail crew personal.

To save money, two MUTS volunteers, Cyndi and Mike Striegler, picked up the logs at Eager and delivered the logs to the Horse Park using their personal vehicle.

As a side note: Several MUTS volunteers cleaned up trash around the Horse Park. Unfortunately, cleaning up trash has become part of every MUTS volunteer event.

Horse Park Trail

August 2019

In August, the MUTS crews installed additional fencing along the Horse Park Trail to help keep off-road vehicles on the trail and avoid detrimental effects for the park area. The purchase of the logs and transportation expenses were covered by a grant from Arizona Sportsmen for Wildlife Conservation.

Angels BEAT THE HEAT: Prevent Dehydration

Care from Health

SUMMERTIME CAN BE A DANGEROUS TIME, ESPECIALLY IF YOU'RE A SENIOR. OLDER ADULTS ARE AT RISK FOR DEHYDRATION, WHICH CAN BE LIFE THREATENING. AS TEMPERATURES OUTSIDE RISE, THE RISK OF DEHYDRATION RISES WITH IT.

FIRST SYMPTOMS OF DEHYDRATION

- Thirst
- Dry Mouth
- Fatigue
- Dark yellow urine
- Headaches

ACTION: Drink water 

MORE SEVERE SYMPTOMS OF DEHYDRATION

- Dizziness
- Feeling of blacking out when sitting or standing
- Confusion
- Muscle weakness or cramps
- Sunken eyes
- Low blood pressure

ACTION: Go to ER or contact your physician right away.

If you have suffered dehydration in the past, talk with your doctor about prevention strategies and actions. You have unique health needs, so always follow the recommendations of your doctor and together you can BEAT THE HEAT and stay healthy at home!

The Munds Park Trail Stewards (MUTS).

By Larry Metzler

Have you ever wondered what happens to \$17 of the extra \$25 you pay when you purchase the AZ Conserving Wildlife special license plates? We did too. Then the MUTS desperately needed funds to install a fence to protect the Horse Park meadow from vehicle intrusion. We found those funds through the Arizona Sportsmen for Wildlife Conservation (AZSFWC). One of AZSFWC tasks is to provide grants to wildlife conservation projects using the \$17 collected from the AZ Conserving Wildlife plates. The MUTS have applied the grant funds towards the Horse Park fence project. The MUTS would like to thank the AZSFWC and those who purchased the AZ Conserving Wildlife license plates for their support.

Our Next Volunteer Event is August 3rd

Meeting Location: Pinewood (240) Trailhead @ 8:15 a.m., then we will carpool out to Horse Park

Project: Fence Install & Trash Cleanup at Horse Park
 We complete our task around noon, then a FREE Lunch will be provided.

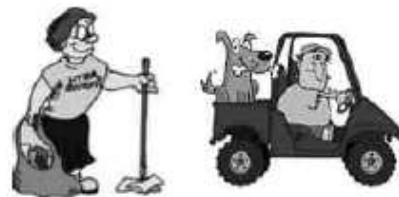

Please R.S.V.P., via email (mundstrailstewards@hotmail.com) if you plan on attending the workday and lunch.

What to bring: Work gloves, long pants, sturdy shoes, sunblock, and dress for the weather. Water and trail tools are provided.

*Due to changing conditions, this event could be relocated, postponed, or canceled. Check the MUTS website for updates.

Notice of Violation has been sent to Owner on 5/7/19

FAILURE TO RESPOND WITHIN 5 DAYS COULD RESULT IN CIVIL SANCTIONS & PENALTIES

The Munds Park Trail Stewards (MUTS)

By Larry Metzler

Horse Park is a beautiful grassy meadow in which elk, deer, and other wildlife forage. Unfortunately, numerous off-highway vehicles use the meadow as a shortcut from the Rocky Road OHV Trail (241) to Forest Road 700. The vehicles damage the vegetation and causes erosion, reducing the grasses and other vegetation in which the wildlife feed. On August 3rd, using grant funds from the Arizona Sportsman for Wildlife Conservation, the Munds Park Trail Stewards and the Coconino National Forest trail crew extended the log fence along the OHV trail. The fence will help keep vehicles from damaging Horse Park.

The fence install was not the only task perform on August 3rd by the MUTS. The MUTS volunteers cleaned up trash around the Horse Park area. Volunteers removed debris like broken chairs, damaged sunshade, household garbage, and humans waste.

Our Next Volunteer Event is September 7th
Meeting Location: Iron Springs Trailhead
Project: Frog Tank Loop Trail & Janice Access Hill

We complete our task around noon, then a FREE Lunch will be provided. Please R.S.V.P., via email (mundstrailstewards@hotmail.com) if you plan on attending the workday and lunch.

AZ Sportsmen For Wildlife Conservation GRANT COMPLETION REPORT

Project Title: Horse Park Fence Project

Organization: Munds Park Trail Stewards, Inc.

Event/Project Completion Date:

Project Location (Include info such as event center, hunting unit, etc.): Coconino National Forest, Flagstaff Reanger Distric; 2 miles NE of Munds Park

Submitted By: Larry Metzler

E-mail: mundstrailstewards@hotmail.com

Phone #: 602-865-9524

Today's Date: August 14, 2019

AZSFWC Recognition:

AZSFWC Logo and Link to AZSFWC on organization's website? (attach screen print image) Yes No

License Plate Image w/link to MVD on organization's website? (attach screen print image) Yes No

AZSFWC Logo displayed at event? (attach photo(s)) Yes No

AZSFWC recognized in all marketing materials & post event articles? (attach all samples) Yes No

List any social media recognition of AZSFWC (include all screen print images) **Refer to the attached report**

Was there any media or press coverage? (attach copies if available) Yes No

List any other recognition?

Summarize Project Accomplishments: refer to the attached report Attach narrative if more space is needed.

Measurable Results (Fill in all that are applicable):

Attendees (If project was an event, list total # of participants, excluding staff, visiting parents, etc): **26**

Visitors (If the project is an interpretive display, list total # of annual visitors): **0**

Brochures, Pamphlets, etc. (If the project is a brochure, publication, poster or video, list the total produced and distributed): **Refer to the attached report**

Other (please explain):

Budget (specifically describe how AZSFWC funds were used; e.g. program promotion, type of equipment, materials and/or supplies, etc.):

Budget Item	Planned	Actual
Treated Logs (sold in bundles of 32)	725.00	724.77
Lag Bolts (25 per Box x 4)	104.00	126.78
Lunch Groceries	165.00	164.78
Transporting logs from vendor	232.00	128.36
Fence C-Post	87.50	0 (CNF supplied)
Paint Brushes	6.80	6.80
