Chief Moore, Arizona Sportsmen for Wildlife Conservation (AZSFWC), 29 of our member organizations (list below), and their thousands of members, strongly support the continued trapping of unauthorized livestock from the Apache National Forest (APN), coupled with the subsequent transport of those animals to Texas for the purposes of humanely auctioning them.

It is critical that your agency continues this course of action to remove these feral animals from the APN to restore the habitat and landscape they have destroyed over the last decade. The commensurate benefit to our wildlife can't be understated either!

The attached brochure clearly shows the destruction they have wrought on the forest.

Thank you for your attention to this matter!

Yours in Conservation,

Jim Unmacht
